 - * 7" and 10" UNIPLAY Sealed Touch Panels Available
 - * Ethernet Connection Reduces Wiring

Trio's unique UNIPLAY HMI system is a revolutionary way to make operator interfaces better, easier and more secure! The UNIPLAY series boasts a 7" and 10" colour display.

The UNIPLAY range has built-in power isolation technology making it more reliable in noisy environments.

No additional software is required; UNIPLAY HMI's work with the Trio MC4+ *Motion Coordinator* range. *Motion Perfect* v4 is used to create operator HMI screens which are transferred to the UNIPLAY HMI by the *Motion Coordinator* at runtime.
